

THE COUGAR '79

John,

What can I say? at first I thought
you were a real cruddy person, but
now that I have gotten to know
you, you're someone that I think
the world of. Although we've had
our little ^{and} famous fights, I still
feel the same about you. I've
forgiven all the dirty stuff on your
part. I've enjoyed just about every
moment shared with you. You've
got what it takes to be good!

I stay as you are and God luck
in everything you do. If it
doesn't work out between us
I'll still care.

Love,
Kellye.

P.S. sorry I signed
here but...

John,
to a very
sweet, cute, and

Superstars

You've read about me in the papers
You've seen me on the movie screen
You know everything about me
in your late night fantasy

But don't think I can't hear you calling
from the shadow of the 14th row.
Cause I've had the same dreams you've had
A few short years ago.
and that's why I know . . .

You and I
we will climb so high
Superstars you and I
And we'll close our eyes
And become our fantasy

Superstars, yes, yes, Superstars.
Step right this way, everyone's welcome.
We want your dreams, the offer's simple,
momentary immortality.

Cause I've seen them all you know
I've seen them climb and I've seen them fall
I've seen them come and I've seen them go
and through it all there's only one thing that matters.

Love and that is simply
You and I, yes, you and I
For we are Superstars.

Football — 1978

The 1978 football season was a rewarding one for 14 seniors and 18 underclassmen that ended the year. Not many people believed that this bunch of Boys could win the district. The young men that reported in the hot days of August were the type of people that were willing to work hard to deny many privileges to themselves, and to accept discipline that would be needed to become a team of players. This discipline is what held the team together for the numerous goalline stands that helped the team achieve victory on several occasions. This team also proved that the quality of the person is more important than the number of people that come out for a team.

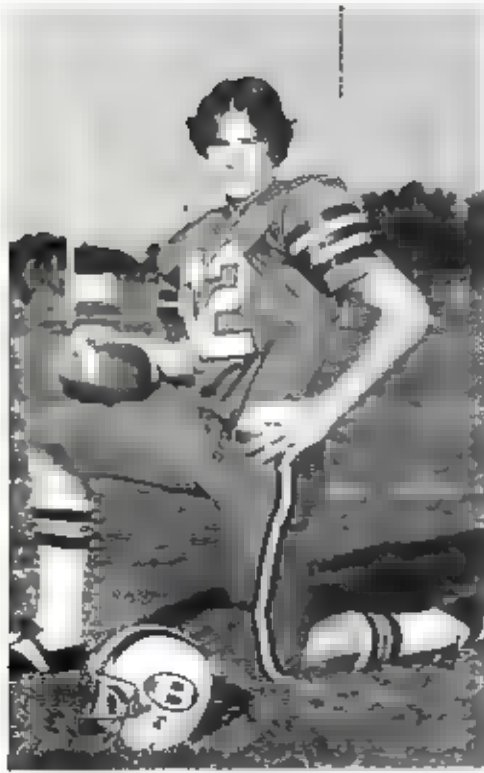

The season began with a group of players that had not experienced success but were true competitors. There was some experience in the defense but there were some people, even Seniors, that had not played a varsity game. The season was divided into three phases. At the beginning against Seely, no one felt the team would do very well. There was not a determination to win. Then against Needville the team experienced a hard fought victory. Against Schulenburg the team was defeated when they should have won except for several key mistakes. This loss was a tough one to take and let the team know that they could be winners but they were going to have to play together and play with intensity. After a sound defeat by Franklin the team started to roll and went into a confident phase of development. Numerous times the team was on the verge of losing but were able to make a determined stand and get a victory. The defense was brilliant during district play and ended with an outstanding team effort against Ganado for the district Championship.

The reward for the season came with the opportunity to play at Tully Stadium against Hull-Daisetta. Even though the team did not play very well in the Bi-District game it proved to many people that this bunch of players had class and were true winners.

It was a great feeling being a part of a great bunch of people. The maturity that this bunch of people were able to demonstrate is the reason why football helps to build character. There is little doubt that this bunch of seniors will carry on the attitude of hard work that they were able to demonstrate from week to week.
